

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 20, 2021

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Santee Wateree Regional Transportation Authority - #2022 in surface transportation reauthorization legislation.

The sponsor for this project is the Santee Wateree Regional Transportation Authority (SWRTA) and the project will be located at the following addresses:

129 South Harvin Street
Sumter, SC 29150
Congressional District SC-06

21 Holmes Garden Road
Sumter, SC 29153
Congressional District SC-06

The funding is designated for the rehabilitation and renovation of the administration & maintenance facilities operated by the Santee Wateree Regional Transportation Authority, as well as for the purchase of a touchless fare collection system, repainting 12 revenue vehicles, and replacement of 5 heavy duty commuter buses.

This project is an appropriate use of taxpayer dollars because the Santee Wateree Regional Transportation Authority provides public transportation services for Clarendon, Kershaw, Lee and Sumter Counties and this funding will help SWRTA to maintain and improve transit services in this historically underserved area of South Carolina.

I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)
