

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 27, 2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in fiscal year 2022 from the Subcommittee on Energy and Water Development and Related Agencies, under the Army Corps of Engineers account, for the following project:

Lakes Marion and Moultrie, SC, Sec 219(f)(25) WRDA 1992 (P.L. 102-580), as amended by Sec 502 WRDA 1999 (P.L. 106-53), Appendix D, Division B, Sec

The entity to receive funding for this project is:

Army Corps of Engineers
Charleston District
69A Hagood Ave
Charleston, SC 29403
SC-06 Congressional District

The funding would be used for the Orangeburg-Berkley Reach, which would provide water to the U.S. Highway 176 corridor in Orangeburg County and Berkeley County in the Camp Hall area.

This project is an appropriate use of taxpayer dollars as the reach is a component of the Lake Marion Regional Water Agency, which is among the Corps' priority projects under the existing WRDA authorization for Lakes Marion and Moultrie, SC. It is a key part of a large, regional and strategic infrastructure improvement effort designed to improve human and environmental conditions in the region and enhance the local, state and national economies.

I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)
