

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 27, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Pee Dee Healthy Start Workforce Development Initiative in fiscal year 2023 from the Subcommittee on Labor, Health and Human Services, Education and Related Agencies under the Labor - Employment and Training Administration -Training and Employment Services account.

The entity to receive funding for this project is Pee Dee Healthy Start Inc., located at:

Pee Dee Healthy Start Inc.
314 W. Pine Street
Florence, South Carolina 29501

The funding would be used to support Pee Dee Healthy Start as it provides services to high-risk and at-risk youth, ex-offenders, persons with disabilities, and the long-term unemployed and underemployed in Williamsburg, Florence, and Sumter Counties who are seeking to achieve career-enhancing credentials, training, skills development, and employment.

This project is an appropriate use of taxpayer dollars and would help employ residents and grow local industry by enhancing workforce development opportunities for the community. I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

James E. Clyburn
Member of Congress (SC-06)
