

Congress of the United States
House of Representatives
Washington, DC 20515-4006

April 28, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Tri-County Regional Biological Science Center in fiscal year 2023 from the Subcommittee on Transportation, Housing and Urban Development and Related Agencies under the HUD - Economic Development Initiatives account.

The entity to receive funding for this project is Charleston County Government, located at:

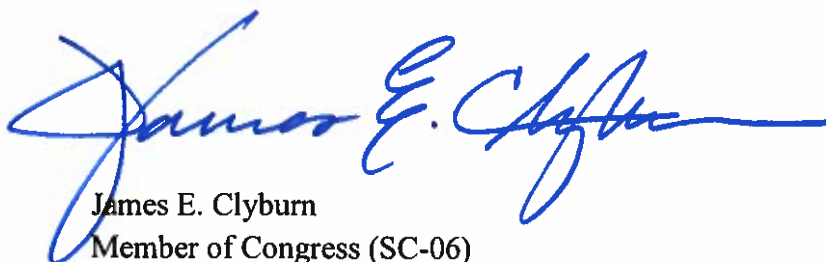

Charleston County Government
4045 Bridge View Dr.
North Charleston, SC 29405
SC-06 Congressional District

The funding would be used to construct a Regional Biological Science Center to serve forensic services, DNA testing, and other criminal justice needs across three counties.

This project is an appropriate use of taxpayer dollars and would provide the opportunity for Charleston, Berkeley and Dorchester Counties and municipalities within to readily access a Regional Lab to better service their DNA needs as it relates to criminal justice process, judicial process, and closure for victims. I certify that neither I nor my immediate family has any financial interest in this project.

With kindest regards, I am

Sincerely,

James E. Clyburn
Member of Congress (SC-06)
